¹The offer for free POS software, support, terminal rental & EFTPOS rolls is subject to meeting a minimum turnover as agreed with 21st Century Business Equipment.

²NXT Business Day Settlements¹ are advertised by most major banks based on real-world results. NXT21 Payments works with Australian EFTPOS acquirers where settlements are paid out and processed during the morning of the next business day following trade. The timing of your money reaching your bank account may

vary on the policies outlined by your chosen bank, which are out of our control.

³NXT21 Payments offers a No-Cost EFTPOS solution,

where you as the merchant are passing on your fees to the customer through a surcharge.

⁴24/7 EFTPOS support is a service provided by the EFTPOS acquirer.

⁵ Additional transaction fees apply
